Hello Jim: Please see the response from Marty Keller below. It might be a good idea for you to call him directly and hopefully prevent a problem from developing. Let me know if there is anything I can do.

Dr. Keller asked me to pass this message along to you:

Hi Sally,

Please tell Jim that if it is not done in a few days I'd like to talk to role (unity?) person at SB as this delay means a full re-review may be necessary instead of an (?) discussion. We listed our "risks" and it should have been mailed a month ago. If you'd rather, I'll tell him directly.

?

Thanks,

Marty

Sally, the translations kind of rough ? are where the word was just unreadable. Hope this helps, let me know if you need anything. - Kell
